Please note

- Dates shown are the Wednesday start dates for the US, UK and Europe. Because Brisbane is a day ahead, Australia joins the Thursday morning after each date (Brisbane column, far right).
- Brisbane does not observe daylight saving, so its time stays fixed — other regions' clocks change during the course, so their local start time shifts. The table already accounts for this.
- USA start times move back 1 hour from Nov 4 (US clocks change Nov 1).
- UK & Europe start times move back 1 hour from Oct 28 (their clocks change Oct 25).
